BUILT TO WIN

Meet the Mitsubishi Lancer Evolution IX and you'll meet one of the most desirable sports cars ever built. It's a winner. Its racing pedigree extends back over countless victories around the world, including four consecutive World Rally Championships. Yet thanks to state-of-the-art technology derived directly from components used in the WRC rally car, it performs just as spectacularly in everyday traffic. In short, the Evolution IX is the ultimate driving experience. A terrific car in every respect. And with the genuine accessories in this brochure you can personalise it and make it even more exciting to drive.

TAUNT THE CHALLENGERS

The Lancer Evolution has taunted challengers for decades. It's become something of a trademark. Now, with the Evolution IX, you can taunt the challengers to even greater frustration. Because to complement its powerful bodylines and impressive appearance, Mitsubishi Motors' designers have come up with a distinctive range of accessories that enhance the look and feel of this pedigree sports car even further. And all to your own taste and style. Accessories like the spoiler extensions and the vortex generator turn your car into even more of a racing brute than it already is. Or you might prefer the slightly more tempered look afforded by tasteful extras such as the mat chrome finish mirror covers and B-pillar decoration. The choice is yours.

INTERIOR STYLING

THE BEST PLACE TO BE

The exterior of the Lancer Evolution IX exudes racing prowess. It gives the challengers something stunning to look at and ponder over as you pass by. But you'll be behind the wheel, so we've made sure that's positively the best place to be in every respect. A wheel of the finest leather, a carbon-finished dashboard, sport seats, instruments and controls where you expect them to be – it's all part of the package. But no two drivers are alike and tastes differ, so we've left some of the more personal details up to you. There's a wealth of extras to choose from to reflect your own sporting needs and style. Extras like an interior decoration kit, a sports meter kit, an aluminium shift knob, a carbon-fibre handbrake lever and a mobile phone console with hands-free kit. And when the exhilarating drive robs you of all sense of direction, it's good to know that the powerful DVD navigation system will guide you home.

STYLISH AND PRACTICAL

Everything about the Evolution IX invites you to drive it to the limit. And although the chances are you'll secretly always want to do exactly that, in the reality of everyday motoring you might want just a bit more comfort than you'll find in a pure sports car. Your Lancer Evolution IX has been designed to give you just that. Comfort comes standard. But Mitsubishi Motors has created some stylish and practical accessories to enhance your comfort even further.

RACING-STANDARD SAFETY & PROTECTION

The Lancer Evolution IX was born on the rally track. No wonder its driving dynamics are state-of-the-art. But with all that torque for your right foot to play with, we felt the racer's safety features should meet racing standards, too. And they do. So there's nothing to worry about there, except perhaps the additional safety and protection accessories Mitsubishi Motors has to offer you, such as a safety kit and a range of child safety seats for even the youngest aspiring racers. And to protect your Evolution IX from the elements after you've manoeuvred it into a spot using the rear parking sensors, we've even made a durable coat for it.
