

Accessories

PAJERO PININ

The hand of master designer Pininfarina is by definition a guarantee of subtle beauty and exciting details. Add to that Mitsubishi's advanced technology and the result is a car beyond compare. The Mitsubishi Pajero Pinin. It goes without saying that the accessories for such a car have been given extra attention. Both the design and quality of the accessories for this car are completely in line with the design philosophy. You are the extra ingredient to all this, as your Mitsubishi Pajero Pinin becomes part of your individual lifestyle.

A NEW DIMENSION TO DRIVING...

What makes the Pinin such an extraordinary driving experience is the way it combines comfort and luxury with power and manoeuvrability. As the robust eagerness of its bold front suggests, there's little it will not do for you. The Pinin is perfect for darting and weaving through congested city streets but will as easily settle into a long, challenging drive. And its compact high-vantage design is always sure to catch the eye. So don't be surprised if the world looks at you a little differently once you step inside.

DESIGNED TO TAKE YOU ANYWHERE...

Versatility is only one of the Pajero Pinin's many attractive features. Behind the crisp lines of its robust body lies a spacious, high-visibility interior - for the ideal family atmosphere. Optimal rear-seat adjustability allows the boot space to stretch to a gigantic capacity when you need it. And even with five adults on board there normally is space aplenty. For the exterior of your Pajero Pinin there are spoilers and various chrome accessories available. Down to the very last detail, the Pajero Pinin is designed to never cramp your style.

STREET-WISE AND COUNTRY-WILD...

Shopping's a breeze with this flexible all-rounder. Easy to handle and highly manoeuvrable, the Pinin allows you to effortlessly negotiate narrow streets and chaotic inner city squares. Its power-assisted steering makes for easy parking and a compact turning radius to get you out of a tight spot quickly. Before long you're heading out of the city and the Pajero Pinin's purring with pleasure. Soon the urban skyline vanishes from the rear-view mirror and you're sprinting down the open road.

A TOUCH OF YOUR CREATIVITY...

The Mitsubishi line of accessories allows unique flexibility when adding your personal style elements to the Pajero Pinin. For example, for interior decoration panels you can choose between wood or 5 different coloured belt lines. So when the kilometres flow easily under the wheels and you have a chance to glance around the Pajero Pinin interior you can take some of the credit for what you see. Attributes that complement the design of the car - and are a compliment to your own taste.

WHAT DO YOU WANT TO HEAR AND WHERE DO YOU WANT TO GO...

As always, Mitsubishi's electronics have something special about them. Take the satellite navigation system, for example. You give input where you want to go and it shows you how to get there. With clear multi-colour graphic displays and no awkward map to unfold. Simple. Or turn on the stereo sound system to set the mood with your favourite rock and roll, funky, good old blues or classics. In combination with a CD changer the CD's can be changed easily, of course. So you can keep your hands on the steering where they belong.

PH-3850
Radio/CD player with RDS-EON tuner, CD changer control, trip computer mode switch, telephone mute preparation and detachable front panel, 4 x 40W.

COMFORT & LUXURY...

At Mitsubishi we believe comfort and safety go hand in hand. So the highly visible backlit instrument panel, the central eye-level located multi-function display screen, the fully adjustable comfortable seats and air-conditioning are all designed to help keep you relaxed and alert. The tilt-adjustable steering wheel allows a perfect personal fit and reduces strain. For when it comes to comfort the Pajero Pinin leaves very little to chance.

TO SEE AND BE SEEN...

When you're rushing to close an important deal or manage a sneak weekend away from a busy schedule, you don't want to worry about the safety of your car. With the Pajero Pinin you don't need to. The high-visibility body and special fog lamps mean your moves are clear. All bodywork safety zones are designed to absorb impact from any side. And of course, special child seats offer optimal protection under all conditions. So rest assured, we have thought ahead. Leaving your mind free to focus on what is happening now.

SAFETY & PROTECTION

SAFETY & PROTECTION

Pajero Pinin shown with fog lamps, front bumper overrider and oval driving lamps.

POWERFUL PERFORMANCE...

The tough character of the Pajero Pinin gives you all the pulling power you need. More than enough for taking along your jet-ski, caravan or horse-trailer wherever you go. To ensure optimal safety the Pajero Pinin has a specifically developed trailer hitch system that attaches seamlessly to the chassis. And as an added bonus, its revolutionary GDI direct injection petrol engine sets new standards for fuel economy and the reduction of greenhouse gas emissions. Which gives you another sound reason for selecting the Pajero Pinin.

TRANSPORT & LEISURE
